HISTORY OF THE GREENBRIER

Located amid the breathtaking mountains of West Virginia, The Greenbrier is a National Historic Landmark and an award-winning resort that has been welcoming guests from around the world since 1778. The natural mineral springs that drew our first guests nearly 250 years ago continue to lure visitors to our 11,000-acre luxury retreat today. With a guest list that includes 28 United States presidents, America's Resort has long been a favorite destination of royalty, celebrities and business leaders. The Greenbrier served as a WWII military hospital that admitted 24,148 patients, and at the height of the Cold War a top secret U.S. government relocation facility for Congress was built on property – securing The Greenbrier's place in history.

The Windsor Club

The Windsor Club is the most exclusive accommodation experience at America's Resort. The Greenbrier has taken the club level to extraordinary new heights. The Windsor Club is a deluxe collection of premier accommodations including the most outstanding service and amenities in our history. This club isn't for everyone. An entire wing of The Greenbrier is reserved solely for the enjoyment of our most selective guests. Since 1778, dignitaries have come to The Greenbrier to experience the royal treatment in a majestic atmosphere of pure elegance. The epitome of international high society, The Duke and Duchess of Windsor enjoyed the finest aristocratic pursuits of their day here. They were pampered in grand fashion by a devoted staff eager to indulge their every whim. The couple returned, time and again, to experience the royal treatment in Greenbrier style.

Historic Preservation Fund

The Historic Preservation Fund (HPF) of 9.75% is collected to preserve and protect landscapes, buildings, and amenities that have played a meaningful role in The Greenbrier's past while carefully planning the continuous improvement for the future. The proceeds from this fund will also have an important economic, environmental, and educational impact on the resort and surrounding communities. We want future generations to be able to experience and discover their own connections to The Greenbrier.
