

MEETING & EVENT SPACES

Spring Room

Located adjacent to the Cameo Ballroom, the Spring Room features a unique bar that resembles a vintage soda fountain. The fountain was once used to pump in water from The Greenbrier's legendary sulphur springs for consumption. With Dorothy Draper & Company Rhododendron fabric used for the window treatments and the walls painted a light pink, this space is light and bright for any event.

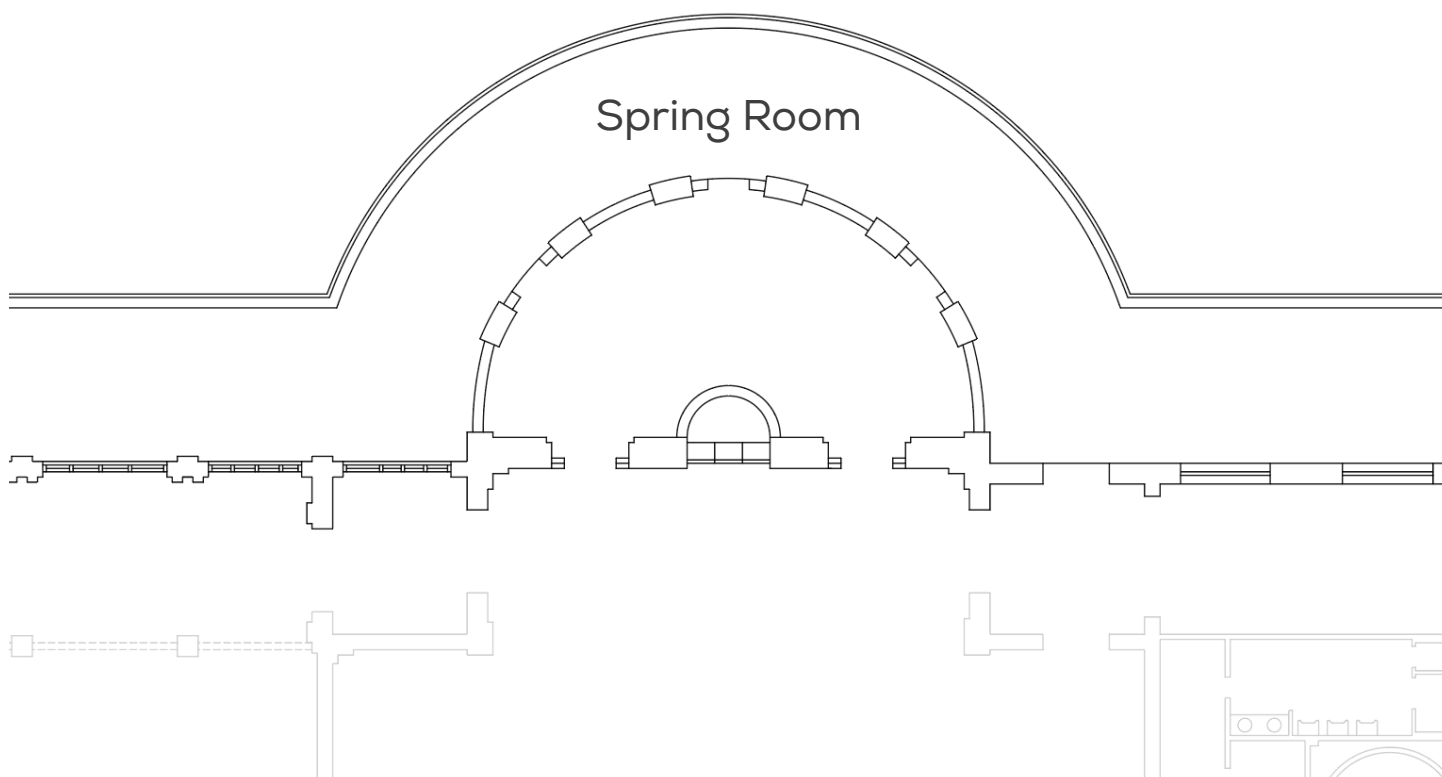

Most commonly used as a bar for wedding receptions, the Spring Room also has a terrace area for outdoor entertaining and fire pits to provide warmth and illumination at night.
