GREENBRIER RENOVATIONS & UPDATES

With a storied history that includes more than two centuries of excellence, The Greenbrier prides itself on its traditions and honoring the experiences, design and hospitality that have made America's Resort a must-visit destination for travelers from around the world. The Greenbrier always maintains an eye toward the future, with a focus on providing the modern conveniences and technology that guests expect when they visit a world-class resort. Renovations are continually taking place, and each of the more than 1,500 Team Members at The Greenbrier are dedicated to making sure that every visit meets the lofty standard that has been established.

Chesapeake Lawn, as well as both Chesapeake and Colonial Terrace, recently experienced a substantial renovation that included a resurfaced terrace, an artificial turf lawn and beautiful new landscaping. This upgraded outdoor space is perfect for entertaining any time of the year.

The world-renowned mineral spa recently installed six new sulphur tubs complete with jets and chromotherapy for treatments using The Greenbrier's signature water. Two Zephyr tubs have also been added, featuring two sets of more aggressive jets for fruit and cream detox baths.

The Greenbrier's on-site upholstery team is constantly replacing and updating the upholstery on furniture, window coverings and more throughout the resort, impacted by regular use from thousands of guests. A fresh, clean look in every corner of the historic hotel is a top priority.

New carpets, designed especially for The Greenbrier by Dorothy Draper & Company, are constantly being replaced throughout the resort in both public spaces and bedrooms. The Trellis Lobby, Victorian Writing Room, Lobby Bar and Grand Staircase are a few examples of recent upgrades.

The North, East and West Terrace Suites have been completely refurbished, with new carpets, new patio furniture, upgraded bathrooms and much more. These areas provide incredible indoor and outdoor space for entertaining and comfortable bedrooms when it's "Sleepy Time Down South."

Seventy proud members of The Greenbrier's housekeeping team recently came together to place new linens in every guest room. More than 1,000 beds received 5,000 pillow cases and 1,000 duvets and blankets. More than 800 shower curtains were also replaced.

There's no better place to rejuvenate both mind and body than The Greenbrier Mineral Spa. A new outdoor relaxation area provides an opportunity to enjoy the warmth of the sun and the sounds of nature during a memorable day at the spa.

The Greenbrier's outdoor infinity pool is a favorite for guests during the summer season, and recently refreshed outdoor cabanas provide the perfect place to relax while enjoying shade, privacy and comfortable seating. The cabanas also feature the classic Greenbrier style.

The Deco-Turf indoor tennis courts inside the Tennis & Fitness Center were recently refurbished, and three new pickleball courts were added for a total of five. This aids in meeting the demand of guests wanting to experience one of the country's fastest growing sports.

A newly constructed 5-stand is now a part of the exciting offerings at The Greenbrier Gun Club. The new addition is completely covered and climate controlled for all four seasons. It's also equipped with lighting that provides opportunities for unique nighttime shooting events.

A new garden on the banks of Howard's Creek, adjacent to Howard's Creek Lodge, allows The Greenbrier to grow many of its own fruits, vegetables and herbs and share those products at elegant Farm to Table events at a beautiful outdoor dining space.

The Greenbrier's Conference Center, which includes 18 different meeting rooms of all shapes and sizes, recently received a substantial upgrade with new carpet, furnishings, wallpaper, paint and technology, providing an ideal workspace for businesses and groups who meet at America's Resort.
